This is the first update of WILLIAM WELLS of SOUTHOLD SINCE 1878!

ABOUT THE FAMILIES

that married WELLS descendants

Most of the early, prominent families of early Southold are represented. Of the 285 surnames spread among approximately 2140 individuals, better than half are represented by TUTHILL, WELLS, HORTON, TERRY, GOLDSMITH, YOUNG(S), BROWN(E), and VAIL. Some WELLS descendants went to Orange County, N.Y,, and established bloodlines there.

Dear Mrs. Wells,

Thank you for your letter of 28 February.

There seems to be no doubt that William Wells the son of the rector of St. Peter Mancroft was ordained and died as vicar of North Elmham in 1680. According to Venn's Alumni Cantabrigiensis*he was admitted to Caius College, Cambridge, on February 12, 1620-21, and became a B.A. in 1624-25 and an M.A. in 1628. He was ordained by the bishop of Norwich on 18 December, 1625; in 1647 he became rector of Bawdeswell, and was vicar of North Elmham from 1659-1680. The will of William Welles his father, proved in the Consistory Court of Norwich in 1620 (100 Williams) mentions his wife Elizabeth, his sons, William and John, and his daughters Susan, Elizabeth,and Ann.

A William Wells did, however, travel to America on the Truelove in 1635. The ship's passenger lists, dated 10 June, 1635, and published in J.C. Hotten, The Original Lists of Emigrants to the American Plantations, 1600-170[illegible] includes William Wells aged 17 years. If William gave his age fairly accurately, his date of birth would h ve been approximately 161[illegible], more than ten years later than the Rev. William Wells' birthdate. Wells is, unfortunately, a common name all over Norfolk, and it would not be easy to trace which family William belonged to. Norfolk includes some 700 parishes, each of which kept separate registers of baptisms, marriages, and burials, and no indexes to these exist. Probate records and the indexes to these can give a useful guide to which parishes a name was associated with, but it is not possible for us to undertake this kind of extensive search for you. I am, however, enclosing a list of record searchers who may be able to carry out research on your behalf.

Yours sincerely,

Jean Kennedy

Dear Mrs. Wells,

The folowing I have obtained from Alumni Cantabrigienses (Cambridge University, England), by J.&JA. Vonn(1927), part I:tc 1751, in volume 4, page364:

WELLES, William. Matric(ulated sizar(3rd rank), from St. John's(College) Mich(aelma)s 1575.

WELLS, William. Matric. sizar St. John's Michs. 1579. B(orn) at Cambridge. B.A. 1583-4; M.A. 1587; B.D. 1600. Ord(ained) deacon(London) Dec. 21, 1588 age 24. R(ector) of St. Peter Mancroft, Norwich 1598-1620. R(ector) of Intwood & Keswick, Norfolk, 1602. R(ector) of Heyden 1602-3. Preb(endary) of Norwich, 1613-20. Died May 26, 1620 age 54. Buried at St. Peter Mancroft. M.I. (monumental inscription). Father of William(1620-1). (Blomefield IV: 188.) (I also found that he was Curate of St. George Colgate, Norwich in late 1590s.)

WELLES, William. Adm(itted) sizar (age 16) at Caius(College) Feb. 12, 1620-1. S(on) of William (1579), B.D. B(orn) at Norwich. School: Norwich (Mr. Stoneham). Matric. 1620-1: Scholar 1621-5: B.A. 1624-5; M.A. 1628; Ord(ained) deacon & priest (Norwich) Dec. 18, 1625. R(ector) of Bawdeswell, Norfolk 1647. perhaps V(icar of North Elmham, 1659-80. Buried there Oct. 16, 1680. (Venn 1:252.)

The above William WELLSs father and son, priests of Norwich, Norfolk-shire, England, disprove the ancestry of William WELLS of Southold, L.I. being the son of Rector and Prebendary William WELLs, - as per chapter 1 of the book William Wells of Southold, by C.W. Hayes(1878).

Where did William WELLS of Southold come from? Immediately probably, from Lynn Massachusetts, where Richard and George WELLS may have been his relatives. His vocation in legal matters on Long Island suggests that he may well have had a legal education in England before he emigrated. Could he have attended Inns of Court in London (possibly Lincoln's Inn or Gray's Inn), where barristers (and solicitors) get there education?

Very truly yours,

John L. Cobb,

BACKGROUND OF THIS BOOK

A FACT OF FATE....

About twenty-five years ago, a favorite uncle died. He had prepared our family history, which carried our Wells bloodlines back to JOSHUA WELLS 1742-1813 (F4001) and JOSHUA WELLS 1763-1855 (F5001) who fought in the battle of Long Island during the American Revolution. It was family folklore that these two gentlemen were emigrants from Wales (which was subsequently disproved). And, my uncle's study of our family history was compiled on only six typewritten pages.

I was the oldest male (of the Wells family cousins) who carried the surname - WELLS, and subsequently inherited some of the family papers, bibles, and mementos. About twenty years ago I started to look through these papers and building the family tree. This developed into an addiction for genealogy (for which there is no known cure).

I am ten generations (and 310 years) later than William Wells of Southold. My bloodlines go back through WILLIAM WELLS 1660-1693 (D1001, the fourth child and the first son), and through JOSHUA WELLS 1664-1774 (F1001, the seventh child and the second son).

* The author traces his bloodline, also, through HANNAH WELLS 1718-1748, D3013, from her father, HENRY WELLS 1690-1760 and his wife, Patience, and her grandfather, WILLIAM WELLS 1660-1693 and his wife, Elizabeth Tuthil

WILLIAM WELLS 1660-1696 was the fourth child, and the first son of WILLIAM WELLS, CO-FOUNDER OF SOUTHOLD IN 1640.

THE PURPOSE

...to identify the female and male descendants of William Wells, if they and/or their spouse were born prior to 1771. All such individuals are listed alphabetically with their birth or baptism dates - death dates, and those of their spouse(s). Original spellings/misspellings were adhered to as found in source information. The birthdates indicated may be misleading, because they may be baptismal dates, or dates estimated from wills, headstones, or other information.

Please add what you can to clarify, correct, and add to this list. Send any information that you can, along with copies of supporting documents or references. No single fact is unimportant! At a future date, a list of such corrections, andditions, etc. will be printed.

FAMILY GROUPS

The writer has available FAMILY GROUPS in two different formats, as follows:

a. FAMILY GROUP WORK CHARTS... which show each family group and their ancestry back to WILLIAM WELLS.

b. FAMILY GROUP SHEETS of the generally accepted format, with references to the source information.

INQUIRIES ARE INVITED
(please send legal size Sase)

THE RECORD IDENTIFICATION NUMBER OR "R.I.N."

The letter indicates from which child (of William Wells) the ancestry was derived. The first number indicates the generation behind William Wells. The last three numbers were assigned in ascending order, as the individuals were identified.

For example - WELLS, DELIVERANCE 1693- (F2004) who married REEVES, BENJAMIN 1786-1752. They had nine children, as follows:

REEVES, JOSEPH	1712-1782	F3037
REEVES, ABIGAIL	1714-1750	F3054
REEVES,	-1717	unnamed, not numbered
REEVES, BENJAMIN	1719=1740	F3081
REEVES, MARY	1725-1740	F3093
REEVES, JOSHUA	1726-1784	F3085
REEVES, EZRA	-1775	F3087
REEVES, DELIVERANCE		F3069
REEVES, MEHITABLE		F3086

As can be seen by the last three numbers of the "RIN", these children were identified at six different times (receiving numbers not in sequence).

Should another child be identified of this marriage, it would receive an "RIN" of F3096 (as of this writing). Should a spouse and children be identified for REEVES, EZRA -1775, (F3087), the children would be consecutively numbered starting with F4339 (as of this writing).

This listing of names includes 75 children, who were named (and assigned a "RIN") but died before the age of 10.

This listing does not include an additional 167 births of children, who were stillborn or died before receiving a given name.

The alpha/numeric number is their "RECORD IDENTIFICATION NUMBER"
The date of birth/baptism may be approximate or estimated.

TO FIND THE PARENTS OF A BLOODLINE DESCENDANT....

1. Locate the descendant in the first column (from the alpha list) by his/her "RIN" (Record Identification Number),
2. In the middle column, find the "RIN" code of the parent,
3. Look for the parent, opposite his/hers "RIN" code,
4. By following this procedure, the ancestral lines of any descendant may be ascertained.

A "R.I.N." in the last column indicates that the spurse, also, is a "BLOODLINE" descendant.
